

Supplies Needed:

- Printed mask on cardstock, or printed on A4 paper to glue to a thin cardboard (like a cereal box)
- Decorating Materials
crayons, markers, or paints, feathers, leaves, cut out scrap paper
- Scissors
- Stapler
- Glue
- Tape
- Stick for the handle (you can use a wooden spoon, a chopstick, a popscicle stick, or a stick from the ground!)

Instructions:

Print mask template on cardstock, or print on A4 paper and use a gluestick to glue the page onto an old cereal box.

Cut out design following the solid black line

Fold on the dotted line for the beak

Staple or **glue** folded beak onto the nose bridge of face mask

Decorate mask with colours, paints, glue feathers, leaves, scraps of paper - go wild!

Tape a stick to the back side of the mask to hold the mask to your face
